SANITIZERS

POOL SALT PLUS

Newly enhanced pure, fine grade pool salt.

- Stain & Scale
- Clarifier
- Stabilizer
- pH Neutralizer

Available in 20kg

POOL SALT

For pools using salt chlorine generators

- Quick Dissolving
- High Purity

Available in 20kg

ELITE CHLOR PUCKS

Protects chlorine residuals from destruction by the sun's ray using 200 gram 3" pucks.

- Compressed, stabilized chlorinating pucks
- Controls bacteria and algae in swimming pool water

Available in 1kg, 2kg, 7kg, 18kg

Read product label for directions for use and safety precautions.

SANITIZERS

ELITE CHLOR TABS

Protects chlorine residuals from destruction by the sun's ray using 200 gram 1" pucks.

- Compressed, stabilized chlorinating tablets
- Controls bacteria and algae in swimming pool water

Available in 2kg, 7kg

ELITE CHLOR GRANULES

Protects chlorine residuals from destruction by the sun's ray.

- Controls bacteria and algae in swimming pool water
- Shock treatment for pool opening and closing
- Cold water activated product
- Rapidly dissolves
- Wait 8 hours to swim or replace solar blanket

Available in 2kg, 7kg, 16kg

ELITE BROM TABS

An effective swimming pool water sanitizer.

- Brominating 20 gram disinfectant tablets
- Controls bacteria and algae in swimming pool water

Available in 2kg, 18kg

OXIDIZERS

SHOCK N' SWIM

This blended shock helps eliminate unpleasant odours and eye irritation. Kills germs, destroys algae and other contaminants.

- Oxidizing and clarifying power
- Improves efficiency of sanitizer
- Will not increase pH
- Swim after 15 minutes, solar blanket can be used after 1 hr

Available in 454g

SHOCK N' CHLOR PLUS

Unstabilized 70% Calcium Hypochlorite Shock. Protects chlorine residuals from destruction by the sun's rays.

- Controls bacteria and algae in swimming pool water
- Wait 12 hours to swim or replace solar blanket

Available in 454g, 2kg, 8kg, 18kg

OXY CLEAR SHOCK

A chlorine free shock treatment that effectively reduces organic contamination of swimming pool water. Eliminates chlorine smell and reduces skin and eye irritation. This oxidizing and reactivating treatment restores pool water clearness and ensures longer lasting chlorine power.

- Quick acting
- Completely soluble
- Swim in 15 mins
- Solar blanket can be used after 1 hr

Available in 454g, 1.8kg, 7kg, 25kg

Read product label for directions for use and safety precautions.

ALGAECIDES

ALG OUT 60

60% Polyquat.

An effective liquid algaecide.

- Controls algae in swimming pool waters
- Highly concentrated algaecide for killing algae in swimming pools

Available in 1L, 4L

ALG OUT 40

40% Polyquat.

An effective liquid algaecide.

- Controls algae in swimming pool waters
- Excellent weekly maintenance algaecide

Available in 1L

PREVENT 10 / ALG PREVENT

10% Quat

Effective in preventing the growth of all types of algae.

- Economical
- Works with all types of filters

Available in 3.78L

Read product label for directions for use and safety precautions.

BALANCERS

ALKA PLUS

Easy-to-use, this granular product raises total alkalinity to balance your swimming pool water and control pH fluctuation.

- Avoid pH variations
- Maximizes sanitizer efficiency
- Better bathers comfort
- Protect pool equipment

Available in 1.8kg, 4kg, 8kg, 14kg, 25kg

CALCIUM PLUS

A product for raising calcium hardness to the recommended level.

- Prevents corrosion of metal surfaces and erosion of pool surfaces
- Better bather's comfort
- Protect pool equipment

Available in 1.8kg, 4kg, 8kg, 14kg, 20kg

PH MINUS

This product decreases the high alkalinity and pH levels of pool water slowly and effectively. The granular product is more convenient than a liquid acid. Product of choice for lowering pH.

- Maximize sanitizer efficiency
- Avoid cloudy water and scaling
- Better bathers comfort
- Protect pool equipment

Available in 1kg, 3kg, 8kg, 25kg

Read product label for directions for use and safety precautions.

BALANCERS

PH PLUS

This product increases the water's pH effectively and conveniently.

- Protect pool equipment
- Better bather's comfort
- Avoid corrosion of surfaces

Available in 1kg, 2kg, 8kg, 25kg

LIQUID STABILIZER

Easy-to-use liquid pool stabilizer to raise stabilizer (CYA) in water to recommended level. Helps reduce chlorine loss caused by sunlight.

- Reduces chlorine demand
- Rapidly disperses
- Quick dissolving with limited increase to filter pressure

Available in 3.78L

STABILIZER

A product to raise stabilizer levels in water to the recommended amount and reduce chlorine demand. It prolongs the effective life of chlorine by reducing loss caused by the sun's ultraviolet rays.

- Maximize sanitizer efficiency
- Keep chlorine residuals under control

Available in 795g, 1.8kg

Read product label for directions for use and safety precautions.

SPECIALTIES

WATER SOFTENER & ENHANCER

Swim in softer water! This product enhances the look, feel and stability of your swimming pool. Also acts as a buffering agent to help reduce pH drift.

- Promotes sparkling clear water
- Reduces eye and skin irritation
- Your water will sparkle like you have never seen before.
Turn the light on at night and see the difference!

Available in 6kg, 11kg

NATURAL CLARIFIER

All Natural Clarifier made from the shells of crabs and shrimp. Enhances the effectiveness of the filter system to create spectacularly clear water.

- Meets all 6 classifications of clarifier - agglomeration, coagulation, flocculation, adhesion, compaction and neutralization
- For use in all types of Filters
- Enhanced when used with shock treatment
- Cannot be overdosed

Available in 120ml, 1L

SUPER CLEAR PLUS

Super-concentrated fast-acting water clarifier. Enhances the effectiveness of the filtering system by coagulating microscopic particles in larger masses. The solids are then deposited at the bottom of the pool or captured by the filtration system.

- Provides clear and sparkling water
- A very powerful formula
- Does not contain alum
- Efficient in any pH condition
- Best to use in sand filters only

Available in 1L,4L

SPECIALTIES

SUPER FLOC

Restoration for water clarity and sparkle through floccing (dropping) suspended particles (debris) to the bottom of the pool to be vacuumed to waste or captured by the filtration system.

- Concentrated clarifier for swimming pool water
- Readily biodegradable and safe for the environment
- Not affected by chlorine and does not contain alum
- Efficient in most pH condition without modification

Available in 1L

MULTI STAIN PROTECT

This multi-purpose sequestering product controls and prevents metallic stains and scale in swimming pools. Highly effective in all types of pool systems.

- Phosphate-free
- Fast-acting & long-lasting
- Works with all sanitizers even salt chlorine generators

Available in 1L,4L

STAIN OUT

Helps remove water colouration from the presence of metals such as manganese, iron and copper. Can also remove staining on every type of pool surface due to metal.

- Stain remover in all water sources
- Phosphate free
- Best to use in conjunction with Multi Stain Protect to prevent stains from reappearing.

Available in 900g

PHOS OUT

Safely removes phosphates from swimming pool and spa water. Its natural formula is safe for bathers and for the environment.

- Fast, Effective way to remove phosphates
- Reduces phosphates down to near zero
- No Phosphates - No Problems
- When using high doses, add with Natural clarifier to mitigate cloudiness caused by the phosphate removal reaction.

Available in 1L

Read product label for directions for use and safety precautions.

SPECIALTIES

NATURAL POOL ENZYME

A unique, stabilized enzyme system that effectively digests organic contaminants in swimming pools. Dissolves waterline scum and also treats whitefly and insect residues

- Highly concentrated
- Add once per week for easy pool maintenance
- Naturally based enzymes break down non-living gunk and grime
- Reduces filter cleanings and scum lines
- Use for quick removal of pollen or soot

Available in 1L, 3.74L **NEW**

LIQUID SOLAR COVER

This “Pool blanket in a bottle” prevents heat loss by forming a thin layer of protection on the surface of your pool.

- Minimizes evaporation
- Conserves water and energy
- Reduces the amount of pool chemicals needed by up to 70% to maintain your pool

Available in 1L

FILTER CLEANER

Concentrated remover of dirt, scale, rust, body oils and cosmetic residues accumulated in pools and sand or cartridge filters.

- Increases the filtration performance and the life expectancy of cartridge or sand

Available in 1L

SPRAY N' RINSE

An easy to use spray-on and hose-off cartridge & D.E. filter cleaner.

- Easy application
- Removes dirt, scale, oils & more

Available in 1L

SPECIALTIES

DEFOAM

Concentrated foam suppressant begins working immediately to eliminate foam. Apply directly to foam and watch it disappear

- Get longer-lasting foam suppression for less work
- Eliminates foam on contact for a more soothing experience
- Compatible with chlorine, bromine, ozone and biguanide sanitizers

Available in 4L

CHLOR OUT

This powerful product will quickly lower excessive chlorine/bromine levels when used as directed.

Available in 454g, 25kg

SALT CELL CLEANER

This product is formulated for cleaning salt chlorine generator cells. Used by a soaking process to eliminate scale build up.

- No harm to cell plates
- Restores conductivity and efficiency

Available in 2L

SPECIALTIES **NEW!**

SUPER METAL ELIMINATOR AND STAIN PREVENTOR

Eliminates stain-causing metals, minerals, and discoloration from pool & spa water

- Single-use cartridge for up to 20,000 gallons
- Removes metals & minerals
- Eliminates discoloration

COVER CLEANER

Easy to use cleaner that works on multiple cover materials.

- Lifts away leaves, twigs, and pollen
- Inhibits the growth of mold and mildew

Available in 1L

POOL RENEW

Designed to perform in cold water conditions, this product works quickly to clear water and dissolve scum and waterline buildup.

- A small weekly maintenance dose helps keep water sparkling clear
- Prevents poor water conditions

Available in 1L

POOL AND PATIO CLEANER

This cleaner quickly removes dirt, grime, oils, grease, cosmetics, suntan lotions and scale commonly found on pool surfaces and accessories

- Works instantly
- Easy spray application

Available in 1L

Read product label for directions for use and safety precautions.

KITS

POOL OPENING/CLOSING KIT

Pool Opening Kit. Provides a quick and easy way to restore your pool water when setting up your pool.

Includes:

- 2 Oxy Clear Shock - 454 G
- 1 Alg Out 40 - 1L
- 2 Stain And Scale - 1L

WINTER KIT

Deluxe Closing Kit makes winterizing your pool easy. Its products continue working all winter long to prevent algae growth and to make opening your pool easier in the spring. This kit is compatible with all types of sanitizers.

Includes:

- 1 Bag of Winter Protect
- 1 Bottle of Stain & Scale

regalchemicals.com

Regal® Pool Care Products provide everything a pool owner needs to revitalize and maintain their backyard oasis.

Our stabilized sanitizers, shock treatments, and professional-grade algaecides transform labourious pool care into a simple process. With a wealth of top-of-the-line products, Regal® minimizes pool maintenance time and maximizes pool time fun.
